Detailed Results

pets invalid data
Failed

URL: http://127.0.0.1:8000/api/pets/
Execution Time: 128 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 400:** Failed

pets non existing shelter
Passed

URL: http://127.0.0.1:8000/api/pets/
Execution Time: 112 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

pets empty mandatory fields
Passed

URL: http://127.0.0.1:8000/api/pets/
Execution Time: 7 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

pets valid

Passed

URL: http://127.0.0.1:8000/api/pets/
Execution Time: 239 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

all pets valid

Passed

URL: http://127.0.0.1:8000/api/pets/
Execution Time: 121 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Validate all required information is returned:** Passed
- **Response contains pet created in post:** Passed

one pet valid

Passed

URL: http://127.0.0.1:8000/api/pets/1/
Execution Time: 130 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Response contain id requested:** Passed

one pet non existing

Passed

URL: http://127.0.0.1:8000/api/pets/0/
Execution Time: 133 ms
Response Code: 404 (Not Found)

Test Details:

- **Status code is 404:** Passed

adopters ivalid email

Passed

URL: http://127.0.0.1:8000/api/adopters/
Execution Time: 140 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

adopters empty data

Passed

URL: http://127.0.0.1:8000/api/adopters/
Execution Time: 8 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

adopters

Passed

URL: http://127.0.0.1:8000/api/adopters/
Execution Time: 127 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

adopters

Passed

URL: http://127.0.0.1:8000/api/adopters/
Execution Time: 114 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed

- **Validate all required information is returned:** Passed
- **Response contains data created in post:** Passed

one adopters valid

Passed

URL: http://127.0.0.1:8000/api/adopters/1/
Execution Time: 111 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Response contain id requested:** Passed

one adopters non existing

Passed

URL: http://127.0.0.1:8000/api/adopters/0/
Execution Time: 119 ms
Response Code: 404 (Not Found)

Test Details:

- **Status code is 404:** Passed

shelters invalid email

Passed

URL: http://127.0.0.1:8000/api/shelters/
Execution Time: 7 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

shelters epmty data

Passed

URL: http://127.0.0.1:8000/api/shelters/
Execution Time: 9 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

shelters

Passed

URL: http://127.0.0.1:8000/api/shelters/
Execution Time: 115 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

shelters

Passed

URL: http://127.0.0.1:8000/api/shelters/
Execution Time: 129 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Validate all required information is returned:** Passed
- **Response contains data created in post:** Passed

one shelters not existing

Passed

URL: http://127.0.0.1:8000/api/shelters/
Execution Time: 125 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Validate all required information is returned:** Passed
- **Response contains data created in post:** Passed

one shelters valid

Passed

URL: http://127.0.0.1:8000/api/shelters/1/
Execution Time: 109 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Response contain id requested:** Passed

adoption-requests invalid status

Passed

URL: http://127.0.0.1:8000/api/adoption-requests/
Execution Time: 116 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

adoption-requests non existing adopter

Passed

URL: http://127.0.0.1:8000/api/adoption-requests/
Execution Time: 129 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

adoption-requests non existing pet

Passed

URL: http://127.0.0.1:8000/api/adoption-requests/
Execution Time: 108 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

adoption-requests empty

Passed

URL: http://127.0.0.1:8000/api/adoption-requests/
Execution Time: 8 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

adoption-requests valid

Passed

URL: http://127.0.0.1:8000/api/adoption-requests/
Execution Time: 130 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

all adoption-requests

Passed

URL: http://127.0.0.1:8000/api/adoption-requests/
Execution Time: 123 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Validate all required information is returned:** Passed
- **Response contains data created in post:** Passed

one adoption-requests

Passed

URL: http://127.0.0.1:8000/api/adoption-requests/1/
Execution Time: 113 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Response contain id requested:** Passed

one adoption-requests non existing

Passed

URL: http://127.0.0.1:8000/api/adoption-requests/0/
Execution Time: 112 ms

Response Code: 404 (Not Found)

Test Details:

- **Status code is 404:** Passed

collaborations invalid shelter

Passed

URL: http://127.0.0.1:8000/api/collaborations/
Execution Time: 6 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

collaborations empty data

Passed

URL: http://127.0.0.1:8000/api/collaborations/
Execution Time: 119 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

collaborations invalid collaboration type

Passed

URL: http://127.0.0.1:8000/api/collaborations/
Execution Time: 127 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

collaborations valid collaboration type donation

Passed

URL: http://127.0.0.1:8000/api/collaborations/
Execution Time: 122 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

collaborations valid collaboration type volunteering

Passed

URL: http://127.0.0.1:8000/api/collaborations/
Execution Time: 121 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

all collaborations valid

Passed

URL: http://127.0.0.1:8000/api/collaborations/
Execution Time: 109 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Validate all required information is returned:** Passed
- **Response contains data created in post donation:** Passed
- **Response contains data created in post volunteering:** Passed

one collaboration valid

Passed

URL: http://127.0.0.1:8000/api/collaborations/1/
Execution Time: 111 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Response contain id requested:** Passed

one collaboration non existing

Passed

URL: http://127.0.0.1:8000/api/collaborations/0/

Execution Time: 111 ms
Response Code: 404 (Not Found)

Test Details:

- **Status code is 404:** Passed

administrators invalid email

Passed

URL: http://127.0.0.1:8000/api/administrators/
Execution Time: 118 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

administrators empty data

Passed

URL: http://127.0.0.1:8000/api/administrators/
Execution Time: 7 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

administrators

Passed

URL: http://127.0.0.1:8000/api/administrators/
Execution Time: 121 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

administrators

Passed

URL: http://127.0.0.1:8000/api/administrators/
Execution Time: 117 ms

Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Validate all required information is returned:** Passed
- **Response contains data created in post:** Passed

one administrators valid

Passed

URL: http://127.0.0.1:8000/api/administrators/1/
Execution Time: 123 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Response contain id requested:** Passed

one administrators non existing

Passed

URL: http://127.0.0.1:8000/api/administrators/0/
Execution Time: 114 ms
Response Code: 404 (Not Found)

Test Details:

- **Status code is 404:** Passed

user-managements invalid shelter

Passed

URL: http://127.0.0.1:8000/api/user-managements/
Execution Time: 113 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

user-managements invalid admin

Passed

URL: http://127.0.0.1:8000/api/user-managements/
Execution Time: 116 ms
Response Code: 400 (Bad Request)

- **Status code is 400:** Failed

user-managements empty admin

Passed

URL: http://127.0.0.1:8000/api/user-managements/
Execution Time: 114 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

user-managements invalid adopter

Passed

URL: http://127.0.0.1:8000/api/user-managements/
Execution Time: 122 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

user-managements invalid action

Passed

URL: http://127.0.0.1:8000/api/user-managements/

Execution Time: 137 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

user-managements activate
Passed

URL: http://127.0.0.1:8000/api/user-managements/
Execution Time: 119 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

user-managements deactivate
Passed

URL: http://127.0.0.1:8000/api/user-managements/
Execution Time: 134 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

user-managements
Passed

URL: http://127.0.0.1:8000/api/user-managements/
Execution Time: 124 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Validate all required information is returned:** Passed
- **Response contains data created in post:** Passed

one user-managements valid
Passed

URL: http://127.0.0.1:8000/api/user-managements/1/
Execution Time: 127 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Response contain id requested:** Passed

one user-managements non existing

Passed

URL: http://127.0.0.1:8000/api/user-managements/0/
Execution Time: 118 ms
Response Code: 404 (Not Found)

Test Details:

- **Status code is 404:** Passed

search-filters

Passed

URL: http://127.0.0.1:8000/api/search-filters/
Execution Time: 138 ms
Response Code: 201 (Created)

Test Details:

- **Status code is 201:** Passed

search-filters empty data

Passed

URL: http://127.0.0.1:8000/api/search-filters/
Execution Time: 7 ms
Response Code: 400 (Bad Request)

Test Details:

- **Status code is 400:** Passed

search-filters

Passed

URL: http://127.0.0.1:8000/api/search-filters/
Execution Time: 115 ms
Response Code: 200 (OK)

Test Details:

- **Status code is 200:** Passed
- **Validate all required information is returned:** Passed
- **Response contains data created in post:** Passed
